

PaperCut MF™

PaperCut MF is a simple, low cost software application that lets you take control and manage your printers, copiers and multi-function devices.

What does PaperCut bring to an organization?

PaperCut is developed by former system administrators who understand the ongoing needs of print management in business and institutional environments. These include:

- **Departmental Billing**

PaperCut is a complete solution with support for charging and billing via simple pop-up selection. Report by user, device and department is supported.

- **iPad Printing / BYO Devices**

PaperCut's iPad printing solution brings printing to the mobile platform with our iOS app as well as 'Web Print' 100% browser-based, driverless printing for student laptops.

- **Handling Payments**

PaperCut allows users to add credit unassisted with Top-Up pre-paid cards or via industry leading online payment gateways.

- **Monitoring & Reporting**

PaperCut is packed with over 80 prebuilt reports as well as 'ad-hoc' reporting. All reports can be sent or scheduled to be emailed to key team members automatically.

The Benefits of PaperCut

Control costs with simple account, bill or charge for every copy, print, scan and fax

Manage copiers, printers and users from a streamlined web interface

Report usage and costs by page, user, device and function

Access devices via login, account code or ID/access card

Enforce responsible use using rules, limits and auto-notifications

Secure confidential documents and release anywhere with Find-Me print
